STEP Mathematics

Explanation of Results STEP 2026

All STEP questions are marked out of 20. The mark scheme for each question is designed to reward candidates who make good progress towards a solution. A candidate reaching the correct answer will receive full marks, regardless of the method used to answer the question.

All the questions that are attempted by a student are marked. However, only the 6 best answers are used in the calculation of the final grade for the paper.

There are five grades for STEP Mathematics which are:
S – Outstanding
1 – Very Good
2 – Good
3 – Satisfactory
U – Unclassified

The rest of this document presents, for each paper, the grade boundaries (minimum scores required to achieve each grade), cumulative percentage of candidates achieving each grade, and a graph showing the score distribution (percentage of candidates on each mark).

STEP Mathematics II (9470)

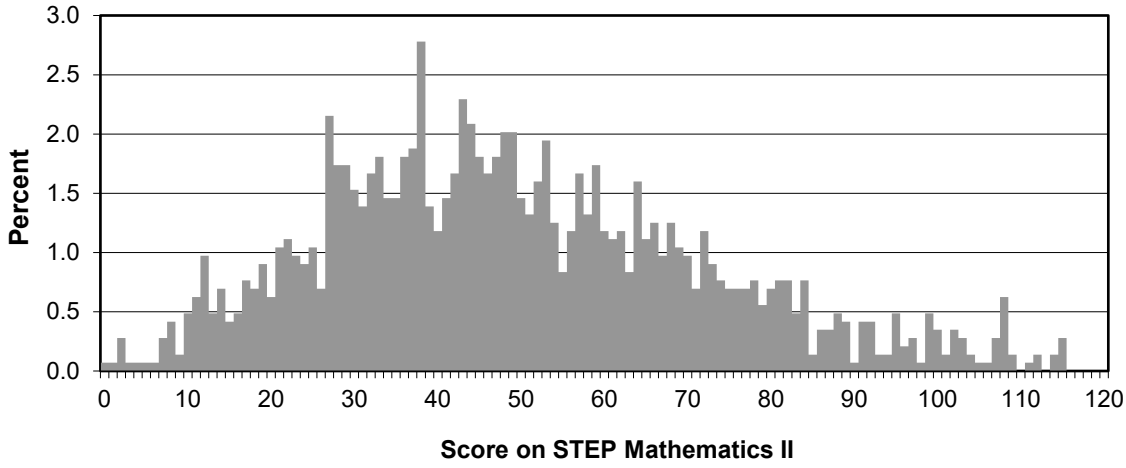

Grade boundaries

Maximum Mark	S	1	2	3	U
120	84	62	52	34	0

Cumulative percentage achieving each grade

Maximum Mark	S	1	2	3	U
120	8.27	28.14	41.97	73.52	100.0

Distribution of scores

STEP Mathematics III (9475)

Grade boundaries

Maximum Mark	S	1	2	3	U
120	80	56	48	30	0

Cumulative percentage achieving each grade

Maximum Mark	S	1	2	3	U
120	9.27	35.73	48.73	83.18	100.0

Distribution of scores
